2. DESCRIPTION

Training in occupational risk prevention and competency development, aimed at ensuring compliance with the obligations arising from Article 5 of Royal Decree 1215 of 1997 and Annex II (Section 2 – Paragraph 1 on conditions for the use of mobile work equipment).

This course alone does not authorize the worker to operate Mobile Elevating Work Platforms (MEWPs), as an additional practical training process is mandatory. If this service is contracted with AEOT, once the on-site practical phase has been completed with the worker, the MOBILE ELEVATING WORK PLATFORM OPERATOR CERTIFICATE IN ACCORDANCE WITH RD 1215/97 (THEORETICAL AND PRACTICAL) will be issued.

3. PRIOR KNOWLEDGE

Basic user-level computer skills are required, including basic handling of Microsoft Office tools, internet browsing, and use of email.

4. OBJECTIVES

1. To adopt correct and safe operation of the elevating platform.
2. To develop the essential practical skills required to carry out basic MEWP maneuvers under safe conditions.
3. To understand the main risks arising from the use of the work equipment, as well as the preventive measures intended to eliminate or reduce the risks associated with its use.
4. To correctly interpret workplace signage.
5. To understand the symbols used for the identification of goods.
6. To comply with current applicable regulations.

5. TARGET AUDIENCE

- Individuals interested in acquiring knowledge related to this course.
- Workers who are required to use mobile elevating work platforms.
- Engineers, designers, prevention technicians, and maintenance managers.

6. TRAINING MODULES

MODULE	DESCRIPTION
1	DEFINITION
2	PLATFORM CLASSIFICATION
3	TYPES OF PLATFORMS
4	PERSONAL PROTECTIVE EQUIPMENT (PPE)
5	SAFETY AND HEALTH REGULATIONS
6	RISKS IN MEWP OPERATION
7	MEWP MAINTENANCE
8	ACTION IN THE EVENT OF AN ACCIDENT
9	FALL PROTECTION SYSTEMS
10	ANCHOR POINTS
11	PREVENTIVE MEASURES
12	KEY REMINDERS

7. METHODOLOGY

- Students who have completed enrolment through the payment platform will receive access credentials to the academy, where they will be able to take the course.
- As this is an e-learning program, students may adapt their pace and daily schedule to their individual needs.
- It will be verified that the student has viewed all course contents within the course duration and has successfully completed the tasks or exercises proposed throughout the course.
- To obtain the certificate of completion, the student must have passed the assessments included in the course, as well as submitted and successfully completed any additional exercises that may be assigned by the course tutor, where applicable.
- Before completing the course, students must fill out a satisfaction survey as part of the continuous improvement process for the quality of the training actions offered on the training platform. The survey will be available during the final days of the course.
- The courses offered are open in nature and may be adapted to the specific needs of a company's technical staff. Please request a customized proposal if you require a more in-depth approach or adaptation of the syllabus.

8. TRAINER

- Vicente Quiñonero Moreno
 - Bachelor's Degree in Naval Engineering – Average Adjuster – Appraisal Expert – Senior Technician in Occupational Risk Prevention.

9. SUBSIDIZED TRAINING

- Certain training programs may be eligible for subsidies if they comply with the requirements established by the State Foundation for Employment Training (FUNDAE).
- Subsidies for active workers: if desired, our courses may be fully or partially financed through the bonus system of the State Foundation for Employment Training (FUNDAE).
- VQM is an entity registered in the State Register of Training Entities to deliver, within the framework of Company-Organized Training, vocational training for employment that is different from the training specialties included in the Catalogue of Training Specialties, in accordance with the provisions of Law 30/2015 of September 9.
- VQM manages the training subsidies.
- To benefit from the subsidies, it is necessary to follow the instructions provided on **the FUNDAE website**.
